## **Media Release**

### **Dangerous Scaffolding**

03.05.2022

The Occupational Health and Safety Authority (OHS) would like to clarify some points regarding the case of the dangerous scaffolding that got detached from the facade of an establishment in Balluta.

OHS was alerted about the incident through social media. An OHS Officer was immediately sent to the scene to ascertain that the scaffolding had been rendered safe and that it was properly anchored. OHS investigations continued this morning.

OHS appeals to all stakeholders to work hand in hand in a concrete way to ensure that all workplaces are safe for all.

OHS strongly insists that anyone observing hazardous work situations should immediately make a report to OHS, even anonymously so that hazards are controlled and workers and third parties do not remain in danger or at risk to life.

OHS can be contacted on 21247677 (during working hours) or on 99496786 (after working hours), by email: [ohsa@gov.mt](mailto:ohsa@gov.mt) or through its Facebook page @ohsamalta
